Web Developer with a certificate in Full Stack Web Development from University of Oregon Coding Boot Camp. Skilled in HTML, CSS, JavaScript, Node.js, MySQL, ORM, MongoDB and React. I attended Ferris State University and studied business management. I hold many aviation ratings both in helicopters and airplanes. I love programming because it is challenging, involves creating new exciting impactful things, as well as a constant learning curve all of which I am a huge fan of. My primary skill set lies in the back end JavaScript, Node.js and MongoDB and with all my real world life skills and work experiences I can bring extremely creative solutions to the table.
